

**RON MILLER**  
*Candidate Information 2012*

Background Information: VP - Inglewood Condos in Lathrup, MI

Secretary – Manor Grove, Wilton Manors, FL

Past Governor and Secretary and  
Present Treasurer – Waterford Point

As a member of the Property Improvement Committee, I worked with others to improve the appearance of our community. We were responsible for interviewing and collecting bids for the pavers around the pool, repainting the building, and recommending many of our landscape projects. I particularly enjoyed the project to install new pillars at the entrance to the clubhouse. Recently I helped implement the design of the beautiful vases at our entry which led to the refurbishing of our lobby.

This year, with the help of our manager and volunteers from the community, I worked on the now fantastic landscape on the right side of the entrance to our property, coordinated the reupholstering of the clubhouse seating, and promoted the painting of the clubhouse interior. Currently, Joe Vito and I are involved in revamping the walkway around the fountain pool outside the clubhouse. We hope to bring a proposal to the board soon.

As a candidate and present Treasurer for our Governing Board, I stand for open, fiscally prudent conduct of our business affairs while looking to continually improve our property.

Thank you,

**Ron Miller**
