

My name is Todd Troutman: I reside in Unit # 321

I have been a full time resident since I retired in 1994 from the State of Michigan as a bank examiner.

I have served on the Board of Waterford Point for many of these years and have always been proud of the appearance of our building and grounds, especially since our building will be 40 years old in 2012.

I have always strived to keep our expenses in line and to offer a few entertainment functions for our residents and guests. I would like to continue serving the residents of Waterford Point.
